Have you used cardiology services recently?

Do you or someone you know have a heart condition?

Are you interested in helping us to shape the future of cardiology services in the Humber area?

If yes, then please come along to one of our workshops to share your experiences and help us to make local services better for people like you.

Monday 28th January, 9.30 am to 11.30am

The Pelham Suite, Cambridge Road, Grimsby, DN34 5SZ

or

Tuesday 29th January, 10am to 12noon

The Mercure Hull Grange Park Hotel, Grange Park Lane, Willerby, HU10 6EB

The workshops are open to all and free to attend, however, we ask that you please register your attendance online or by calling us on 01482 344711.

At the workshops we would like to hear from you about what has worked well in your experiences of care and where you think improvements could be made. You will discuss with local doctors and service managers the challenges and opportunities for change in cardiology services in the Humber area.

If you have any access requirements, please let us know so that we can support you to participate fully in this event. You can email humber.acutereview@nhs.net or call us on 01482 344711.

These workshops are part of a series linked to the Humber Acute Services Review, which is looking at a range of hospital services across five hospitals in the Humber area:

- Scunthorpe General Hospital
- Diana Princess of Wales Hospital, Grimsby
- Goole Hospital
- Castle Hill Hospital
- Hull Royal Infirmary

You can find out more about the review on our website:
